The Baisamic Cordial is entirely a Vegetable production, combining the healing properties of the Balsam, with the invigorating qualities of a Cordial, producing a combination so well adapted to the purposes intended, that there are few cases of disease which will not, at an early period, succumb to its healing and life-giving properties.

For ages, has the treatment of pulmonary diseases occupied the greater portion of the attention of the scientific of the medical world, but none acquired more eminence in his treatment of those diseases, than the celebrated Prossian, Dr.

Hoofland, the originator of the Balsamis Cordial. His life was devoted to the production of remedies that would stand unrivalled. How well he has succeeded - American people are able to judge: and we \_\_tively assert, that no preparations that have ever been placed before them, have conferred the same amount of benefits on suffer-

The Proprietor in calling the attention of the public to this preparation, does so with a feeling of the most confidence in its virtues and adap-tation to the diseases for which it is recommended.

It is no new and untried article, but one that has stood the test of a twelve years' trial before the American people, and its reputation and sale are unrivalied by any similar preparations extant. The testimony in its favor given by the most prominent and well-known physicians and individuals in all parts of the country is immense, and a careful per-rusal of the Almanac, published annually by the proprietors, and to be had gratis of any of their Agents, cannot but satisfy the most skeptical that this remedy is really deserving of the great celebrity it has obtained.

WHAT THE FEDERAL TROOPS ARE FIGHT

ING TO SUSTAIN. HOW OUR SOLDIERS SHOULD BE PREPARED

TO FIGHT. It is a singular fact that a large majority of the people of the United States are unacquainted with the great importance of the cause for which the soldiers of the Union are fighting. Let every man and woman throughout the United States carefully read and study the Constitution of the United States, they will become convinced of the holiness of our cause and of the wickedness of those who

are striving to overthrow this grand palladium o We believe that had the reading of the Constr tution been adopted as a daily lesson in every school throughout the United States, the doctrines sensol throughout the United States, the doctrines of secession and states rights would never have attained the position of a political question; nor would the country have been called upon to mourn for the unfortunate wrangling and misconstructions that have arisen, and which so many of our statesmen have lost their time in attempting its interpretation.

Hear in mind, we say, that Radway's Ready Rettef will protect the troops exposed to these dis-cases against attacks. Now, it is conceded by all the medical men in our army, that they have no reliable means of preventing attacks of these dis-eases, neither have they any positive assurance of curing the sick; but, on the contrary, the majority of the sick, seized with fever and ague, typhoid, billious and other fevers, either die, or inger along until they are reduced to mere wrecks and walk-ing skeletons. Experience has established the fact that the treatment of calomel, quieinc and mercury, in cases of fever and ague, typhoid fever and other fevers of this class, is more injurious in camps than in private practice, when we take into consideration that canvass walls and exposure to An experienced Nurse and Female Physic an, preheavy dews and the malaria from pools of water and damp grounds, prove but a poor shelter for the sick, we may readily conjecture that the penalties of mercurial and quinine treatment will, in the majority of cases, be exhibited in the form of rheu-
